## LAN-O-LAN Spray

---

**Lan-O-Lan Spray** is a bio-degradable, non toxic, non carcinogenic, non leaching lanolin product. A byproduct from Australian Wool Fleeces it has a natural affinity to most surfaces and will adhere with only a light spray to allow it to perform as required. Lan-O-Lan does not wash off in water. If to be removed use Citro-Clean Multipurpose Cleaner which is also bio-degradable and from natural products

**Lan-O-Lan Spray** lubricates and eliminates or reduces friction, sticking, adhesions and wear. Restores, reduces or eliminates deterioration of leather, rubber and similar surfaces and combats the effects of the natural elements where they are exposed. Ideal on conveyors, "O" rings and rubber seals. Protects and minimises rust and corrosion on metal surfaces. Lan-O-Lan can be used for short term protection on dressed timber surfaces and will require little preparation when painting.

**Lan-O-Lan Spray** in an aerosol form is an efficient and convenient delivery system and can be sprayed easily and safely and can be stored in toolboxes, vehicles, workshops.

**Applications** include the lubrication of equipment and components in the automotive, construction, electrical, industrial, marine, mining, rural industries as well as around the home and workshop. Use to lubricate and maintain winches, cables, wire ropes, and chains. Successful when used as a lubricant, penetrant, corrosion inhibitor, water dispersant and antiseize material. Lan-o-Lan is also an ideal release agent for formwork and various other moulding applications

**Note:** For the very best results, shake can well for one minute, hold approx 200mm from surface which should be dry and clean then spray. Avoid overspray on floors.

**Pack Sizes: 400g aerosol**
