## **ELECTRO-KLEEN**

### **Electronic Contact Cleaner & Degreaser**

---

**Electro-Kleen** is a multi-purpose contact cleaner and degreaser for all electronic equipment. It drives off moisture, dust and surface oils that interfere with electronic contact points, disturbing signals and creating component inefficiency.

**Electro-Kleen** contains a blend of halogenated hydrocarbons that are gentle to component parts but powerful as solvent cleaners leaving no residues or contaminants.

Electro-Kleen may be used in many electrical applications including electrical coils, motors, wires, junctions, switches, meters, circuit boards, fuses and batteries.

#### **INSTRUCTIONS:**

Hold can approximately 50mm from area to be cleaned and depress actuator (button) in short sharp bursts. Care should be taken not to over spray on to plastic equipment covers as solvents could dull surface gloss.

**Electro-Kleen** is available in 400g aerosol

**Conditions of Sale:** Chem Pack Pty Ltd shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sales, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Chem Pack's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely. No representative of Chem Pack has any authority to add to or alter these conditions.
