"BANISH" **FABRIC KLEEN**

Chemlube's **BANISH Fabric Kleen** stain remover is a heavy-duty hydrocarbon blend formulated with a mixture of solvents (frequently used in industrial Dry Cleaning processes) to clean various textiles and like materials. It will remove most marks and even greasy stains yet will not normally harm the most delicate of fabrics.

Chemlube's **BANISH Fabric Kleen** is a clear, colourless, liquid and is also quite suitable for removing most marks and stains from carpets as well. Although initially a strong dry cleaning fluid odour is evident, this dissipates quickly leaving no residual odour.

Chemlube's **BANISH Fabric Kleen** may be used on fabrics, clothing, carpets, curtains, soft furnishings office furniture and cloth car seats.

Note: always test Fabric Kleen on a small inconspicuous piece of the fabric before treatment. To test **Fabric Kleen**, spray a small amount on a portion of the fabric or carpet that is out of sight to ensure colour does not run or undue swelling of the material occurs.

Directions: If satisfied with the test, hold the can approximately 100mm from the surface and **spray liberally** onto the soiled area. Use a clean lint free cloth to stroke or sponge the area until soiling is removed. Repeat applications may be necessary with stubborn soiling. It is also best to place an absorbent cloth under the area of fabric being treated.

Pack Sizes: 400g aerosol cans, 4 x 5 litre cans, 20 litre drums.

Conditions of Sale: Chem Pack Pty Ltd shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sales, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Chem Pack's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely. No representative of Chem Pack has any authority to add to or alter these conditions.
