LUBE WIZZ WD SPRAY

Lube Wizz WD Spray is a multi-purpose lubricating fluid. General purposes include water displacement, degreasing, lubricating, penetrating and corrosion prevention. Suitable for all applications - household, auto, marine, industrial and workshop.

Lube Wizz WD Spray contains a hydrophobic base that will displace and actually repel moisture from the surfaces to which it has been applied. Lube Wizz WD Spray also contains a special blend of lubricants and penetrates. To ensure the protection and the life of the components or machines that Lube Wizz WD Spray works with; it applies a protectant, preventing rust, corrosion and oxidization of the surfaces. Stops noisy squeaks and reduces friction.

Applications:

Lube Wizz WD Spray many uses include: starting wet motors, degreasing machines, lubricating hinges, slides, pivots, bearings, joints, valves etc.

Lube Wizz WD Spray is also a very effective parting agent for bolts, nuts, screws or any rusted or oxidized locks or fittings. **Lube Wizz WD Spray** can also be used around electrical terminals etc to protect them from rust and acid contaminates (batteries, circuitry).

OZONE FRIENDLY:

Lube Wizz WD Spray contains no CFC's or chlorinated hydrocarbons.

Pack sizes: 400g aerosol & 20 litre drums.
